YOUR BUSINESS NEEDS
A TRUCK YOU CAN RELY ON

When you need a truck that gets the job done and is always ready for the next one, a truck that leaves worry behind, the International® DuraStar® is a no-brainer.

DuraStar is available with a strong range of diesel engine options – including the Cummins® B6.7, Cummins L9 and the durable Navistar® N9 – in several horsepower and torque ranges.

DuraStar features the Diamond Logic® electrical system bringing the brainpower, flexibility and convenience of advanced electronics to the truck’s electrical system, making the vehicle easier to use and maintain.

DuraStar is a hard-working, versatile truck that will help you get the most out of your business.
## KEY FEATURES

- **Set-back axle** provides outstanding maneuverability and a tight turning radius, making it easier to negotiate through cramped spaces.

- Diamond Logic® electrical system gives you diagnostic help and a standard convenience package with parking brake alarm and pre-trip exterior light checks, and easily integrates control of body and equipment mounted to the truck.

- Optimized drive train performance matches transmission shift points with engine power curves for better responsiveness, reliability, and fuel economy.

- A sloped hood and swept-back, curved windshield design offer a commanding view of the road.

- OnCommand™ Connection, our industry leading remote diagnostics system monitors your fleet, alerts you to issues and provides action plans for repairs to help avoid unscheduled down time.
